

TECHGRADREQUIREMENT

Question	Answer
What is it?	Board Policy adopted by Dr. Smuts Each student will have to meet a technology requirement in 7th/8th grade, 9th/10th and 11th and 12th.
How will this be accomplished?	Teachers will voluntarily “Intent to Participate” their class where they will have students complete a project, assignment or experience that meets 4 of the 6 National Education Technology Standards (NETS)
What are the NETS?	<ol style="list-style-type: none"> 1. Creativity and Innovation 2. Communication and Collaboration 3. Research and Information Fluency 4. Critical Thinking, Problem Solving, and Decisionmaking 5. Digit citizenship 6. Technology Operations and Concepts
What does this mean?	<p>By 2009-10 - 45% sections tagged By 2010-11 - 50% By 2011-12 - 55% By 2012-13 - 60%</p> <p>2013 seniors will be the first graduating class to meet the requirements.</p>
What do I have to do?	<p>Intent to Participate - on link below http://fs11.formsite.com/tetzlaff/form853312566/index.html</p>
What does this mean?	This lets your principal know that you have or plan to integrate technology into a student lesson, project or experience.
Will this require more work for me? Do I have to create a new lesson?	No, You probably already have a lesson that is great and just needs to be tweaked to add additional technology to meet the 4 of 6 NETS.
Where can I go to get help?	<p>For Help : http://sitsabc.weebly.com/ The are links on this site that will help or contact your Site Specialist or email me at barbara.miller@abcusd.k12.ca.us</p>
